

MANNOL Motor Cleaner 9973

MANNOL Motor Cleaner is a cleaner for removing oil, lubricant traces and other road dirt from the engine block, the engine parts and working tools. This product has high cleaning properties.

Spray cleaner on surface from 15-20 cm holding it straight. After 3-5 minutes rub off with brush or sponge and wash with water. If necessary repeat. Before applying try cleaner on a small section to find out possible reactions with different materials.
