

## MANNOL Scheiben-Reiniger (-70°C) 5024

MANNOL Scheiben-Reiniger -70 °C is a cleaner with a pleasant citrus smell that is designed for washing vehicle windshields and headlights in the wintertime. Ensures glass transparency (fiberglass reinforced plastic) quickly and easily. It guarantees the removal of ice down to -70 °C. It is neutral towards seals of different types and varnish-and-paint coatings. This product does not contain phosphates and is biologically neutral.

Can be used in concentrated form.
